Recollections of Ed Tatum

Dear Marvin:

Phil Cohen - whom I bumped into in  
Washington - gave me your address and I  
hope you might be able to fill in for the  
time you were students together.

I have red-circled some particular issues,  
but would be grateful for any reminiscences  
of any kind that ought to be on record.  
Please assume I have no factual data about  
that period, ~ 1930-1937. (It happens to  
be true!)

Yours sincerely,
